Education

BACHELORS IN DEDUCATION WITH HONORS IN COMPUTER SCIENCE   Jan 2020 - Present
UNIVERSITY OF TECHNOLOGY AND ARTS OF BYUMBA, GICUMBI/RWANDA

SCIENCE AND EDUCATION and ICT   Jan 2015 - Jan 2017
ENP/TTC KIRAMBO, KIGALI

Employment

ANDELA TECHNICAL LEADERSHIP PROGRAM (9months, Remote)   Feb 2022 - Present
ANDELA/RWANDA, REMOTE
Andela's technical leadership program is much more like BootCamp however we were designing real-world applications the main app my team developed was BAREFOOT NOMAD. a travel request application built by node js, Postgres, and react js for frontend here I interacted with optimization crud operations and more others web technologies

ICT ROOM MENTOR   Jan 2019 - Present
INSTITUT FILIPPO SMALDNE, KIGALI
I went to INSTITUT FILIPPO SMALDONE as an ICT educator however I found out that much more was needed to help the deaf community at school as well as in Rwanda here I initiated different web projects one of them was making sign language available for all people at the time I developed sign language app using node js, mongo DB as well as vanilla javascript, HTML and CSS for frontend. however, I am working on its second version where I plan to make the frontend in react and its ongoing project which is focuses on improving user experience
